Databases: MySQL, SQL.

OS: Linux (CentOS, Ubuntu), Windows XP/ 10 / 11.

Tools: JIRA, Mailchimp API, Putty, cPanel, Tortoise SVN, Phpmyadmin, Dreamweaver, PHPSTORM, Visual Studio, Visual code.

VOLUNTEER WORK

August 2023 - Present

ACL DE CHATEAUGUAY

MTL

WEB PROGRAMMER

Please note that I am currently doing volunteer work in a church since August of 2023, in Beauharnois, Quebec. This church is called ACL De Châteauguay Inc. I am responsible for the YouTube streaming of sermons every Sunday. This YouTube streaming helps folks at home connect to the website so they can watch our pastor preach directly from church. The church is very glad about the work I do for them.

CONTRACTS

June 2021 - May 2023

ANNE-MARIE CHAGNON INC.

MTL

WEB PROGRAMMER

TASKS :

- Web programming and Web integration: mainly role was the integration of the Stripe payment method on the website.
- Fixed display bugs in the Newsletter.
- Fixed various website bugs.
- Regular code commits to the SVN repository.

The main address on which I worked during this contract: <https://annemariechagnon.com>

ENVIRONMENT: STRIPE REST API - PAYPAL API - PHP - JAVASCRIPT - AJAX - JQUERY - CSS - HTML - LAMP

Jan 2020 - March 2020
WEB PROGRAMMER

ACL DE CHATEAUGUAY

MTL

TASKS :

- Creating a new script in order to change file titles in the archives. Because titles were not descriptive enough for the customer to make searches within the archive files, the ability to change titles through the user interface was needed and completed on the existing website.
- Bug fixes.

The address:www.acldchateauguay.org

ENVIRONMENT: STRIPE REST API - PAYPAL API - PHP - JAVASCRIPT - AJAX - JQUERY - CSS - HTML - LAMP

June 2019 - October 2019
ANGULAR FRONTEND PROGRAMMER

PREMIER CONTINUUM

MTL

TASKS:

- Customization of the main platform for Premier Continuum: adding functionalities.
- Building the solution with Node's package manager.
- Creation of new components in TypeScript.
- Regular commits with TortoiseSVN.
- Describing commits in the corresponding JIRA tickets.
- Bug fixes.

ENVIRONMENT: ANGULAR 6 - JAVASCRIPT - TYPESCRIPT - CSS3 - HTML - JQUERY - SVN - .NET- NODE.JS

April 2019 - May 2019
BACKEND WEB PROGRAMMER

ROBERT HALF

MTL

TASKS:

- Customizing a WordPress site: adding features.
- Creation of a module "Quebec and its regions" (geographical map in javaScript / HTML / CSS).
- Integration of the SendGrid application for sending emails.
- Daily Commisions with GIT.
- Bug fixes.

ENVIRONMENT: PHP - JAVASCRIPT - CSS3 - HTML - JQUERY - GIT - WORDPRESS -LAMP

Feb 2019 - April 2019
WEB PROGRAMMER

ACL DE CHÂTEAUGUAY

MTL

TASK:

Integration of a streaming solution (PROTOCOL RTMP - RED5).

The main address I worked on during this contract:<https://www.acldchateauguay.org>
The streaming server address is different.

ENVIRONMENT: PHP -RTMP -JAVASCRIPT - JQUERY - CSS - HTML

AIDERSONENFANT.COM

MTL

TASKS :

- Created documentation for the configuration of 10 Woocommerce plugins.
- Configuration of Stripe and Jetpack plugins.
- Creation of Checkout pages and Shop pages.
- Configuration of the billing email.
- Creation of a STAGING environment to test new features.

The address:www.aidersonenfant.com

ENVIRONMENT: PHP - JAVASCRIPT - JQUERY - CSS - HTML - PHOTOSHOP - WORDPRESS - LAMP

May 2018 - July 2018
WEB PROGRAMMER

JEAN HUGUES COURTOIS

MTL

TASKS :

- Complete creation of the website: design and integration.
- Creation of the WordPress theme "from scratch".
- Creating a Php script to get properties from reading another website.
- Because the real estate agent does not have the right to share the MLS access of the agency, it was necessary to filter the web page of the agency in order to obtain the list of the properties of the agent.

The address:<http://jeanhuguescourtois.com>

ENVIRONMENT: PHP-JAVASCRIPT- JQUERY - CSS - HTML - PHOTOSHOP - WORDPRESS - LAMP

Feb 2018 - May 2018
WEB PROGRAMMER

ACL DE CHATEAUGUAY

MTL

TASKS :

Integration of a donation payment solution through Stripe / PayPal on the customer's website. The solution is built with a PHP script that communicates with both Stripe and the PayPal IPN. Also, the script archives the PayPal transactions in a database. Finally, multiple page updates were completed on the existing website.

The address:www.acldechateauguay.org

ENVIRONMENT: STRIPE REST API - PAYPAL API - PHP - JAVASCRIPT - AJAX - JQUERY - CSS - HTML - LAMP
